by the Perth Supreme Champion

Calrossie Perfect

We are proud of the record that Britomac Short-horns have made in the herds of those who have bought them. We believe the cattle selected for our 1959 sale are the best in the history of the herd.

Five excellent young cows that will sell in this sale. From left to right: Britomac Augusta 25th (Lot 39), Britomac Golden Glow 6th (Lot 20), Britomac Butterfly (Lot 35), Britomac Nonpareil Gem 11th (Lot 8), and Britomac Bride 20th and calf (Lot 31.)

## — General Information —

**TIME**—Tuesday, October 20, 1959. Sale will start promptly at 12:30 p.m. (Central Standard Time). Lunch will be served at the farm. The telephone number of Carl D. McKenzie is Armington 2409.

**LOCATION**—The sale will be held at Britomac Farms, Armington, Illinois, owned by Carl D. McKenzie. Go west from McLean, Illinois, 5 miles on paved highway 136 to the Britomac Farm sign. Then turn north 2 miles to farm. McLean is on the main line of the Gulf, Mobile and Ohio Railroad from Chicago to St. Louis.

**TERMS**—The terms of the sale are cash unless other arrangements are made with the owner before the sale commences and the sale manager is notified of the arrangements. Buyers who are not known to the sale manager will bring bank references. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but we will attend to loading on cars or trucks in compliance with instructions from the purchasers.

**HEALTH**—This herd is Federally Accredited for Tuberculosis. All female calves born in this herd have been calfhood vaccinated since 1943. All adult animals have been tested for Bang's Disease within 30 days of the date of this sale. Health certificates will be provided on sale day.

**GUARANTEE**—The cattle in this sale will be sold under the standard guarantee endorsed by the American Shorthorn Breeders' Association. Carl D. McKenzie goes one step further, however, and guarantees that EVERY ANIMAL, REGARDLESS OF AGE, WILL PROVE A BREEDER. A provision of this guarantee is that notice of failure to breed shall be given within six months of the date of this auction sale.

**CERTIFICATE OF REGISTRY**—A certificate or registry from the American Shorthorn Breeders' Association Herd Book will be furnished with each lot sold and the certificate will be transferred to the buyer without cost to him. Application for registry, properly signed, will be furnished for each calf sold at foot beside its dam and for each unborn calf sold in dam.

**MAIL BIDS**—Those wishing to buy at this sale who cannot arrange to be present may send their bids to the Sale Manager, Hal Longley of The Shorthorn World, 16 South Locust Street, Aurora, Illinois; Don Longley of The Shorthorn World; Kenneth Fulk, American Shorthorn Breeders' Association, Live Stock Exchange Bldg., Omaha 7, Nebr.; Darrell Overholt, of the Drovers Journal, or Tom Sherlock of Wallaces' Farmer.

**AUCTIONEERS**—C. D. Swaffer and H. P. Miller.

**SALE MANAGER**—Hal Longley, 16 South Locust Street, Aurora, Illinois.

**LIABILITY**—Each transaction in this sale will constitute a contract between Carl D. McKenzie and the buyer of each lot. The auctioneer, clerk and the sale manager have been employed by Carl D. McKenzie for specific tasks not connected with the handling of the cattle or the condition of the premises, and they accept no liability for the contract or for any accident that may occur. Carl D. McKenzie will make every effort to provide for the comfort and safety of those attending the sale, but he cannot accept liability for injuries that may occur. Accidents at cattle sales are rare, but all attending must do so at their own risk. Footnotes were written by Carl D. McKenzie or from information provided by him.

# *Welcome to Britomac*

We hope you will come to Britomac Farms on October 20th, that you will bring your family and friends and that the day will prove most pleasant and profitable to you.

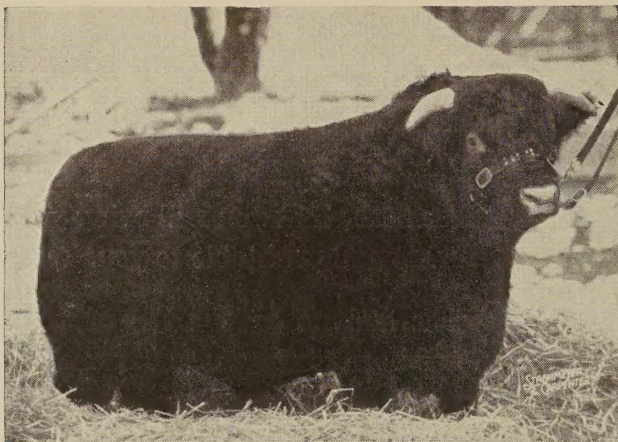

**Carl D. McKenzie,**  
owner of Britomac  
Farms.

This is our fourth auction sale of registered Shorthorns and we believe the offering is our best. The Britomac herd was founded in 1920 and has been maintained continuously ever since. Nothing I have ever undertaken has given me more pleasure than my Shorthorn herd and no branch of my farming operations has proved more profitable. During the thirty-nine years of its existence we have followed the plan of never allowing the herd to grow larger than could be accommodated comfortably on our farm. Always our aim has been quality rather than numbers and always we have grown sufficient feed and had sufficient room for the proper development of each calf. I intend to remain on Britomac Farms as long as I live and I intend to continue breeding Shorthorn cattle as long as I live. However, I have reached the time when my load must be lightened. Approximately one-third of the herd . . . a member or two of each family . . . will remain on the farm and the balance will be offered in this sale. I prefer to allow those who attend to form their own opinions of the quality of the cattle. The only statement I am prompted to make in this greeting is that Mrs. McKenzie and I are very proud of the cattle we are going to offer and equally proud of the farm which these cattle have helped us to maintain. We hope you will be with us at Britomac Farm on October 20th.

CARL D. McKENZIE.

Scotsdale Macbeth is by the Perth Supreme Champion, Calrossie Prefect, sire of the International Grand Champion, Scotsdale Jupiter, the International Reserve Grand Champion, Scotsdale Lucifer, the 1959 \$10,000 International Congress Champion, Scotsdale Marshall, and countless other champions and great herd headers.

**SCOTSDALE MACBETH**

This sale will feature the first crop of calves by Scotsdale Macbeth. When you see them you will agree that he is one of the greatest breeding sons of Calrossie Prefect. All of the calves at foot are by him, all of the bred females carry his service. A bull of thoroughly modern type, great bone and superb quality.

**Edellyn Royal Leader 190th**—We bought him in the 1955 Edellyn Sale and many good judges agreed with us that he was the most promising bull in the offering. Sired by the noted Edellyn Royal Leader, his dam was the second highest selling female in the Edellyn Dispersion when she was purchased by Herman Purdy for Penn State University at \$4,000. He is a full brother to Edellyn Royal Leader 151st, purchased by Carson Gibson of Texas at \$4,900. He sired calves of exceptional quality at Britomac Farms and our only mistake was that we sold him too soon.

MORPHIE COMMAND was used by Carl McKenzie in partnership with H. C. Page, Vermont, Ill. He is by the noted Bapton Commando and out of a dam by Calrossie Victorious.

ASCREAVIE PRIAM was second in a class of 22 summer yearling bulls at the 1951 International and it took \$2,200 to buy him.

We show this picture of Sni-A-Bar Nonpareil Gem because Carl McKenzie selected her many years ago as the ideal type. He purchased her after she had won top honors as a yearling. Two bulls out of her were used in the herd and thus the type was intensified. We have held the female members of this family closely until now but we are allowing eight of them to go in this sale. You may buy them with confidence.

## A word from the Sale Manager . . .

Newcomers to the cattle breeding industry who are eager to study a practical program may well take Carl McKenzie and his Britomac Herd as their example. Although his accomplishments have been great, they are easily within the reach of all. He has been much more than a multiplier of cattle . . . he has been a constructive breeder in every sense of the word. Never has he sacrificed quality for mere numbers. Always he has culled closely and held the herd to a size commensurate with the capacity of his farm. Early in his career he decided on a type and he has adhered to this type. Also, before the herd was many years old he recognized that certain families were proving more prolific and profitable than others and he concentrated on these families. Today's sale offering is the result of just such careful planning. Carl McKenzie's name is a good name to find in a pedigree because he has intensified those characteristics that insure the reproduction of good type and good quality.

This is the fourth sale of Britomac Shorthorns. Based on the number of cattle sold, I do not believe any breeder in the country has distributed a more consistent lot of improvers or can boast of a larger percentage of satisfied customers. I was immensely pleased with the 1959 Britomac sale cattle when I inspected them early in August. Those who buy them will be acquiring the right kind and the record behind the Britomac Herd should instill confidence.

Another member of this same family topped the same sale at \$1,025 going to David L. Grimes & Son, Fillmore, Indiana. Six more members of this family will sell in the 1959 Britomac sale.

---

---

The next six females listed in this catalog are all members of the Missie family. A total of twenty-five other Missie females have been sold in the three former Britomac sales. When the 1959 sale is over, Carl McKenzie will have taken in approximately \$27,000 from the sale of bulls and females from this family . . . and it all started when he bought the right kind of cow for a family foundation. Isn't this a good family for you to establish on your farm?

Her granddam was the great imported cow Gipsy Bride, bred by A. J. Marshal. She sells with an excellent red bull calf at foot born February 18, 1959, and sired by Scotsdale Macbeth. This is the oldest calf by Macbeth and do not overlook him. He serves as an example of the kind of calves you can expect from the service of this good son of Calrossie Prefect. The cow is safe in calf again since May 9 to Scotsdale Macbeth.

# **BRITOMAC** SHORTHORNS

The Britomac Brides have been one of the strongest and most reliable families at Britomac. The four shown in this picture were bought by critical breeders in our 1955 sale. Three more of them sell in this sale.

## **A treasure of fine breeding**

Our policy of rigid culling for over a quarter of a century has had a profound effect on the quality of the herd today. Critical buyers of Britomac Shorthorns find the gamble has been removed. Perhaps that is why we have so many repeat customers.

Britomac Helen 2nd—Easily one of the better summer yearling heifers in the sale. She is out of a good cow that we bought from Hopkins Stock Farm.

This picture, taken early in 1955 at Edellyn Farms, shows Edellyn Royal Leader 190th in calfhood form along with other members of his famous family. From right to left: Calrossie Clipper Pet by Kirkton Baronet; her daughter Edellyn Clipper 48th by Millhills Champion (dam of Edellyn Royal Leader 190th); Edellyn Clipper 55th and Edellyn Royal Leader 190th. Edellyn Clipper 48th was the second high selling female in the Edellyn Dispersion when she was purchased by Herman Purdy for Penn State University at \$4,000. Other members of this famous family sold in the Edellyn Dispersion to John Alexander & Sons, Aurora, Illinois, and S. D. Hackley, Oxford, Maryland, and the imported cow was purchased by Miss Betty Royon, Northfield, Ohio.

Britomac Primrose 20th—Another grand young cow by Edellyn Royal Leader 190th and from a family that has produced a lot of good cattle at Britomac Farms. She sells with an excellent red heifer calf at foot born March 31, 1959, and sired by Scotsdale Macbeth and she has been rebred again to this great son of the Perth supreme champion, Calrossie Prefect. Be sure to take a careful look at these Scotsdale Macbeth calves.

## Seven Good Reasons for Buying at the 1959 Britomac Sale

1. The best evidence that Britomac cattle are the right kind to buy is the fact that they have helped to pay for the farm upon which they are maintained.
2. Nearly all of the cattle in this sale were bred and developed at Britomac Farms and many of them are backed by several generations of Britomac breeding.
3. The bulls in this sale are the ideal kind with character, bone and substance.
4. Twelve cows with calves at foot and 5 other females that are heavy in calf will sell. This means quick profits.
5. Great herd bulls have been used at Britomac and only the most dependable cow families have been retained.
6. Seven members of the 1959 Britomac show herd are to be sold in this sale.
7. Every female calf born at Britomac Farm since 1943 has been pretested clean and calfhood vaccinated for Bang's.

## — Guarantee —

### (Endorsed by American Shorthorn Association)

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The

expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. Certificate of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and has passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
